PLAYING THE *Game*

Casino War® is the fastest, simplest table game to learn and play.

TO PLAY AGAINST THE DEALER

Make a bet in the marked area. You and the dealer will each receive a card face up. If your card is higher than the dealer's, you win even money. If your card is lower, you lose. (Ace is high.)

GOING TO WAR

If your card matches the dealer's in rank, you can either surrender half your bet or go to war. When going to war, you and the dealer match your original bet, putting the money on the layout. You and the dealer will each get another card, and if you beat the dealer, you win all three bets. If you lose, you lose all three bets. If you go to war and tie the dealer, not only do you win, but you win an extra unit. Winning ties when going to war is huge.

TIE BET

Casino War also features a bonus bet on ties. If you bet the tie and your card matches the dealer's, you win 10 to 1.
