PLAYING THE *Game*

Crazy 4 Poker® is an easy game to master. It offers pay against the dealer and an optional Queens Up℠ side bet.

How to Play
You receive five cards to make your best four-card poker hand. A four card straight is a straight, a four-card flush is a flush, etc.

Player vs. Dealer
Make equal bets on the ante and Super Bonus spots. After seeing your cards, you can fold or stay in the game by making the play wager. The play wager must match your ante unless you have a pair of aces or better. If you have at least a pair of aces, you may bet up to three times your ante. The dealer qualifies with a king-high or better.

When you beat the dealer's qualifying hand, your ante and pay bets win even money. When the dealer qualifies and beats your hand, your ante and play bets lose. When the dealer does not qualify your play bet wins and your ante bet pushes. Super Bonus and Queens Ups wages are resolved normally.

Super Bonus
The Super Bonus wins when you have a straight or better. Failure to get at least a straight, however, does not result in an automatic loss. The Super Bonus pushes when you have less than a straight, but you still beat or tie the dealer's hand. If your hand of a straight or better loses to the dealer, you still receive the Super Bonus payout. In addition, your original Super Bonus bet is not removed.

Queens Up
The Queens Up optional bonus bet wins when you receive a pair of queens or better. Note: Winning Super Bonus and Queens Up wagers are paid regardless of the dealer's hand.
