

PLAYING THE *Game*

Mini Baccarat is an elegant, simple game to play. There are only two decisions you have to make in the game. How much you want to bet and whether to bet on the Bank or the Player. In betting on the Bank, the casino will collect 5% vigorous or commission charge on all money won. The commission is paid at the end of play or at the conclusion of each shoe.

On select Mini-Baccarat games, the 5% commission will not be charged on winning Banker hands; instead, all winning Banker hands with a point count of 6 shall be paid 50% of their wager.

Additional bets allowed are the Tie (that the two "hands" will end in equal totals) and Pairs.

Players may place a Pairs bet by placing a wager on one or both of two designated betting areas on the table layout. These betting areas are identified as "Player Pair" and "Banker Pair" and are located on either side of the betting area for the "Tie Hand." A winning Pairs wager pays 11 to 1, and a winning Tie wager pays 8 to 1.

Mini-Baccarat is played with eight full decks of cards. The cards are shuffled by the dealers and placed in a box called a "shoe". Mini-Baccarat is typically dealt by the dealer, however in some cases, when the "Macau" version of the game is dealt, cards may be, at times, handled by the players.

All cards count as face value. Ace equals one. Deuce is two. All tens and face cards, or any combination of them have no value. So: $9 + 5 = 4$. $Jack + 1 = 1$.

The game begins when four cards are dealt alternately from the shoe. First card to the Player, second to the Bank, third to the Player, and fourth to the Bank. If the point count of either hand is 8 or 9 it is called a "natural", and no additional cards are drawn. If the Bank does not have a natural, the Player will always draw a third card on totals of 0-1-2-3-4- and 5 and stand with the 6-7-8 and 9. The cards are dealt according to fixed rules. There are no options regarding drawing the third card for either Player's or Banker's hand. No more than one additional card will be drawn to each hand. The hand closest to 9 wins and shall be paid at odds of 1 to 1. If both the Player's and Banker's hands result in identical totals, it is a Tie and neither hand shall win nor lose.
